PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Paragraph 8, clause 6, of Government Order No. 6381-6424—L. R. 480-12-1, dated the 5th May 1913, in the matter of granting loans to holders of encumbered lands liable to be submerged in the Cauvery Reservoir.

2. Extract of letter No. 13470, dated the 8th May 1914, from the Revenue Commissioner in Mysore, submitting for orders copies of correspondence between the Deputy Commissioner, Mysore District, and the Special Land Acquisition Officer on the subject.

No. R. 906-11—L. R. 538-13-2, DATED BANGALORE, 1ST AUGUST 1914.

ORDER THEREON.—In the correspondence referred to above, the following points are submitted for the orders of Government:—

(*a*) The extension of the concession of obtaining loans from Government on favourable terms sanctioned in respect of the holders of submergeable lands,

(1) to the raiyats who give up a portion of their holdings for the benefit of the expropriated raiyats, and

(2) to owners of encumbered houses when they are compelled to change their residence owing to the acquisition of their houses;

(*b*) the terms on which the loans may be granted;

(*c*) the provision to be made for the grant of such loans;

(*d*) the defining of the powers to be exercised by the Special Land Acquisition Officer and the higher officers in the matter of granting the loans.

2. As the loans proposed do not come within the scope of the Land Improvement Loan Rules published with Notification No. R. 4319—Agri. 91-08-4, dated the 2nd January 1909, they can only be sanctioned subject to special conditions. Having regard to the need for granting some assistance to the raiyats likely to be drowned out under the reservoir to resettle as agriculturists, Government have already given their approval generally to the proposal to give loans on favourable terms in deserving cases to indebted raiyats on the security of the lands given in exchange. The extension of this concession as now recommended also to raiyats who are prepared to surrender a portion of their holdings for the benefit of the displaced population and to owners of encumbered houses which have to be acquired is desirable and the proposals submitted are therefore approved.

3. The loans referred to above will be granted under the following terms:—

(*a*) The loans will be granted on the security of the lands of the indebted raiyats.

(*b*) Both the principal and interest will be completely repaid in ten years.

(*c*) The rate of interest will be fixed at 4 per cent for the first five years and five per cent for the next five years.

(*d*) During the first two years, only the interest will be recovered, but at the end of every year thereafter one-eighth of the principal together with the interest on the balance of the loan then outstanding should be regularly paid.

(*e*) Default in the payment of interest or of the instalments on the due date, will entail the recovery of the outstanding loan in full as an arrear of land revenue with enhanced interest at 6 per cent from date of default.

4. As regards the limits within which these loans may be sanctioned by each Officer, Government are pleased to authorize the Special Land Acquisition Officer to grant loans up to Rs. 2,000 in each case. Loans above Rs. 2,000 and up to Rs. 3,000 may be granted with the sanction of the Deputy Commissioner, and loans above Rs. 3,000 and up to Rs. 5,000 with the Revenue Commissioner's sanction. Cases involving sanction to loans exceeding Rs. 5,000 may be sent up to Government.

Land Revenue, dated 1st August 1914.

No loan should be granted unless the Special Land Acquisition Officer, and in the case of loans exceeding Rs. 2,000, the Deputy Commissioner, certifies that the security offered is sufficient and the title of the borrower is free from defect.

5. The Special Land Acquisition Officer states that the amount required during the current year for granting the loans in question will be about two lakhs of rupees. The Comptroller is requested to make the provision of two lakhs of rupees in the Ways and Means Estimate for 1914-15 on account of such loans.

6. The Deputy Commissioner is requested to arrange at once to have the draft of a form of a suitable loan bond drawn up in consultation with the Government Advocate and submit the same through the Revenue Commissioner for the approval of the Government.

7. With a view to watch the progress in the recovery of the loans the Revenue Commissioner is requested to obtain a demand, collection and balance statement every half-year and review the same, a copy of such review being forwarded to Government for information.

8 Government are also pleased to direct that the cost of the lands given in exchange shall be charged against the provision for land compensation in the Cauvery Reservoir grant and credited to "Land Revenue" which is the head to which the proceeds would have been credited if the lands had been sold in the usual course.

9. Separate orders will issue regarding the question of exempting from Stamp duties and Registration fees the documents to be executed by indebted raiyats in favour of their creditors when the latter agree to transfer their security to the lands given in exchange.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 15th August 1914.

READ—

Letter No. 18,470, dated the 8th May 1914, from the Revenue Commissioner in Mysore, submitting for orders, the proposal of the Special Land Acquisition Officer, Cauvery Reservoir Works, for exempting from stamp duty and registration fees, documents under which it is proposed (1) to transfer the encumbrances existing on submergeable lands to the lands given in exchange and (2) to shift the encumbrance on the entire land in the holding of those raiyats who are prepared to surrender a third of their holdings for the benefit of the expropriated raiyats, to the remaining extent retained by them.

No. R. 1186-88—L. R. 539-13-2, DATED BANGALORE, 15TH AUGUST 1914.

ORDER THEREON.—As regards submergeable lands, the Government Advocate, who was consulted, is of the opinion that the execution of a fresh document is not required by law as all existing encumbrances will be transferred by operation of law to the lands given in exchange He however suggests as a protection to subsequent *bona fide* aliences that it should be made clear in the pattas, under which the lands are given in exchange, that they are subject to all valid encumbrances existing on the original holdings on the date of exchange. The Special Land Acquisition Officer may be requested to take action accordingly. Should the parties, however, decide to have a fresh document as an additional safeguard, Government consider that they should themselves bear all incidental expenses and cannot be exempted from payment of stamp duty and registration fees.

2. In the case of lands with respect to which it is proposed to surrender one-third of the holding in lieu of contribution, Government observe that the surrender cannot be effected without the consent of all the parties having an interest in the land. As soon as the mortgagee, therefore, agrees to waive his rights over one-third of the holding and joins in the execution of the mutchalika prescribed in Government Order No. R. 2958-5—L. R. 276-13-2, dated 3rd October 1913, in consideration of the enhanced value imparted to the holding by means of irrigation, the portion relinquished will be released from the security and the mortgage debt confined to the remaining two-thirds of the land which is retained.

3. Government are therefore of opinion that the substitution of a new document is not necessary to free the land relinquished from encumbrances or to transfer them to the remaining two-thirds of the land and that there is no need to remit stamp and registration fees, as suggested, in case new documents are executed. The Special Land Acquisition Officer should, however, satisfy himself before accepting the surrender that the mutchalikas executed are in proper form and sufficient to extinguish all encumbrances from the land relinquished.

Government Order No. 8954-60—L. R. 368-13-17, dated the 20th May 1914, appointing a Committee of the marginally noted Officers to discuss and submit proposals in the matter of the appropriation of the undermentioned forest plantation and kavals in the Mysore District for resettling the raiyats to be displaced by the construction of the Cauvery Reservoir:—

1. The Chief Engineer.
2. The Excise Commissioner.
3. The Conservator of Forests.
4. The Deputy Commissioner, Mysore District.
5. The Superintendent, Amrat Mahal Department
6. The Special Land Acquisition Officer.

1. Kachaunahalli Sandal plantation in the Yedatore Taluk.

2. Dinka Kaval
3. Bebibetta Kaval
4. Ballenhalli Kaval
5. A portion of Bellibetta Kaval known as Kasikatte Kaval near Kathrighatta } All in Krishnarajpete Taluk.

2. Letter No. 5937, dated the 20th June 1914, from the Chief Engineer in Mysore, submitting a copy of the resolutions of the Committee.

3. Correspondence ending with letter No. 7246, dated the 29th July 1914, from the same officer, stating that as desired by the Palace Department an equivalent extent out of the Hodikekatte kaval containing a katte can be made available in exchange for the Dinka kaval in the possession of that Department.

No. R. 1442-8—L. R. 368-13-22, DATED BANGALORE, 22ND AUGUST 1914.

ORDER THEREON.—The Committee have decided to adopt the following principles regarding the appropriation of lands out of the forest plantation and kavals referred to above for being given in exchange to the displaced raiyats:—

(i) All lands within command of the new channels to be made immediately available.

(ii) Dry lands, *i.e.*, those which cannot be brought under irrigation to be given up only to such extent as may be absolutely needed in connection with the settlement of the displaced population.

(iii) Lands containing date trees to be carefully examined by the Excise Department in consultation with the Special Land Acquisition Officer and portions where there are date groves selected and reserved in blocks wherever necessary after considering all the comparative advantages.

(iv) Forest land not commanded by the proposed channels to be strictly preserved and a guarantee taken from the assignees for the safety of the sandal trees.

2. Government consider that the above principles are fair and sufficiently safeguard the interests of the Departments concerned and they are therefore pleased to approve of them.

3. In accordance with the above principles, the Amrut Mahal Superintendent has agreed to surrender the undermentioned kavals:—

(1) Balenahalli kaval 100 acres in extent including 35 acres of the Settihalli kaval.

(2) Portion of Bellibetta kaval known as the Kasikatte kaval measuring 360 acres.

(3) Portion of the Hodikekatte kaval about 170 acres in extent to the east of Hunsur-Yedatore road to be given to the Palace Department in exchange for the Dinka kaval which they have agreed to make over for resettling some of the expropriated raiyats.

Land Revenue, dated 22nd August 1914.

4. The Amrut Mahal Superintendent, however, suggests that the surrender of the Kasikatte kaval and a portion of the Hodakekatte kaval referred to above should be made contingent on the transfer of the Modur Sonnenahalli kaval, Hunsur Taluk, for hot weather grazing to the Amrut Mahal Department.

5. As the question of the retrocession of the Modur Sonnenahalli kaval is still under correspondence, the kaval is not now available and the request of the Superintendent will receive due consideration at the time of its disposal. The transfer of the kavals need not therefore be made contingent upon that of Modur Sonnenahalli kaval. The Amrut Mahal Superintendent should be requested to arrange to give over at once to the Special Land Acquisition Officer, the Balenahalli and the Kasikatte kavals and allow the Palace Department to select a portion of the Hodikekatte kaval most convenient to them and equal in extent to the Dinka kaval given in exchange. The Deputy Commissioner of the Mysore District is requested to take all further steps in the matter and see that the lands made available for the benefit of the displaced raiyats are placed at the disposal of the Special Land Acquisition Officer, as early as possible.

6. As regards lands under the control of the Forest Department, the Kachamanahalli plantation may be made over subject to condition (iv) referred to in paragraph 1 above.

READ—

Government Order No. R. 3275—R. M. 494-05-3 dated the 17th September 1906 directing that, where a revenue sale has been set aside for reasons other than irregularity, the auction purchaser should be paid a reasonable interest on his purchase amount.

2. Government Order No. 1353-61—L. R. 614-12-2 dated the 11th August 1913 regarding the existing orders governing the confirmation of revenue sales.

3. Letter No. 6633 dated 18th November 1913 from the Revenue Commissioner in Mysore bringing to notice an erroneous reference to the effect of the first order read above in para 2 of the second order and suggesting that the practice of granting compensation in certain cases of cancellation of revenue sales should be placed on a proper footing, by introducing a provision in the Land Revenue Code, if necessary.

No. R. 1756-64—L. R. 347-13-2, DATED BANGALORE, 28TH AUGUST 1914.

ORDERS THEREON.—There is no doubt that an error has crept into paragraph 2 of Government Order No. R. 1353-61—L. R. 614-12-2, dated 11th August 1913, due to the omission of some words; and Government therefore direct that it be suitably amended and the words "for reasons other than the irregularity of the sales" substituted for the words "for irregularity."

2. The Government Order thus amended is appended for facility of reference.

3. The proposal of the Revenue Commissioner regarding the advisability of placing the practice of granting compensation in certain cases of cancellation of revenue sales on a satisfactory footing is under the consideration of Government and orders will issue in due course separately.

The summary of discussion in Subject No. 128 of the Proceedings of the Representative Assembly of 1912, regarding delay in the confirmation of sales for arrears of revenue and the consequential loss and inconvenience to the purchasers and the reply of Government thereto.

Messrs. Revanasiddappa, Guralingappa and Halappa Hombali Taluk.

Summary of discussion.—The purchasers at sales for arrears of revenue are required to deposit one-fourth of the sale amount forthwith and pay the balance within fifteen days from the date of sale. The purchasers are put to heavy loss if sales are not confirmed early, as they cannot enter upon and cultivate the lands taken up by them in sales. They are also made liable for the assessment from the date of sale. It is prayed that a period may be fixed within which final orders may be passed regarding the confirmation or otherwise of revenue sales, so that the sale purchasers may not be made liable for the assessment on lands accruing after the date of sale, in case it is not confirmed within that period.

Reply of Government.—If the land is not delivered into the purchasers' possession before the commencement of the cultivation season and cannot therefore be cultivated, instructions will be issued not to levy the kandayam from the purchaser.

No. R. 1353-61—L. R. 614-12-2, DATED BANGALORE, 11TH AUGUST 1913.

ORDER THEREON.—Government observe that although under Section 191 of the Land Revenue Code purchasers of land in revenue sales are liable to pay the instalments of land revenue accruing subsequent to the date of sale, Government Order No. R. 1783-91—L. R. 69-08-2, dated 14th September 1908, allows sufficient discretion to the District Officers to grant a partial or total remission of the assessment as the circumstances of each case may warrant on the score of the land not having been put in possession of the purchaser so as to admit of its being cultivated in proper time.

2. Further, Government Order No. R. 3134-42—L. R. 497-09-1, dated the 11th November 1910, directs that revenue sales should be confirmed within three months by the competent authority concerned and Government Order No. R. 3275—R. M. 494-05-3, dated the 17th September 1906, provides for payment of suitable compensation to purchasers in cases where the sales are cancelled *for reasons other than the irregularity of the sales.*

3. In these circumstances, Government deem it sufficient to call the attention of the revenue officers to the existing orders on the subject and to direct a prompt compliance with them in individual cases.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Correspondence ending with letter No. 14452, dated 1st June 1914, from the Revenue Commissioner in Mysore, submitting revised statements of officials proposed to be appointed to posts carrying salaries exceeding Rs. 40 per mensem, in the several District Offices in accordance with the new scale sanctioned by Government for the reorganization of the District Office Establishments in Government Order No. R. 4579-89—L. R. 308-12-4, dated 19th December 1913. (*Printed as an accompaniment.)

No. R. 1635-44—L. R. 425-13-21, DATED BANGALORE, 25TH AUGUST 1914.

ORDER THEREON.—The Revenue Commissioner has, in the proposals submitted by him, taken into consideration the claims of the officials in all the districts according to seniority and qualifications and endeavoured to provide them with suitable places under the reorganization. Government have had the advantage of comparing these proposals with those submitted by each Deputy Commissioner for his district, and they consider the Revenue Commissioner's proposals generally suitable and are pleased to approve of them subject to the following modifications:—

(1) As there is a permanent vacancy among District Sheristedars due to the confirmation of Mr. K. Vedantiengar, as Amildar, Mr. G. N. Madhava Rao, who is senior among the acting District Sheristedars may be treated as *sub pro tem*, and the Revenue Commissioner is requested to submit proposals separately for permanently filling up this vacancy.

(2) Mr. G. G. Narasimhachar, Head Accountant of the Mysore District, who is senior to most of the officials now recommended for appointment as Head Clerks, may be given a trial and appointed as Head Clerk on probation for six months. The arrangement suggested above should be counted against a permanent vacancy, and Mr. T. K. Shamanna, whom it is proposed to appoint as Head Clerk, Chitaldrug, permanent, will only hold an acting appointment.

(3) In the recommendations made by the Revenue Commissioner, the name of Mr. G. R. Padmanabha Rao, whose permanent place is that of Treasurer at Kadur, and who is now acting as Deputy Amildar, is omitted. He is senior to some of the officials now acting as Head Clerks, and he is therefore appointed *sub pro tem* Head Clerk in the vacancy caused by the appointment of Mr. G. N. Madhava Rao as *sub pro tem* District Sheristedar.

The following appointments of Head Clerks are sanctioned:—

(*a*) *Permanent.*

2. „ N. Sesha Sastri, Bangalore.
3. „ R. Aravamudiengar, Kolar.
4. „ G. Santanam Iyengar, Shimoga.

(4) Mr. Mascaranhas, who has been continuously acting as Head Accountant on a salary of Rs. 60 per mensem, and who is superannuated, may be continued to act in the same appointment until his retirement.

Proceedings of the Government of His Highness the Maharaja of Mysore,

2. Effect will be given to the revised arrangements from 1st January 1914. The Revenue Commissioner is requested to submit for the information of Government, and to forward to the Comptroller a revised statement of all appointments under the scheme as now finally approved.

3. The Revenue Commissioner is requested to have an annual statement of all officials working in the Revenue Department prepared and printed for purposes of reference, and also to arrange for the maintenance of proper half-yearly qualification reports in each office.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 13th August 1914.

Read—

Letter No. 12682, dated 13th April 1914, from the Revenue Commissioner in Mysore, forwarding six statements showing the demand, collection and balance under Land Revenue, Casual Land Revenue, Miscellaneous Revenue, Forest, Mohatarfa and salt for November 1913, together with a copy of his review thereon.

No. R. 1163-4—L. R. 11-13-82, DATED BANGALORE, 13TH AUGUST 1914.

ORDER THEREON.—Recorded.

2. The Revenue Commissioner states that collections of revenue made by the Forest Department are shown in the demand, collection and balance statements furnished by some of the districts and that pending orders of Government, he has instructed the Deputy Commissioners to embody in the future returns only such items of forest revenue as are collected by the Revenue Officers.

3. The Conservator of Forests considers that the Deputy Commissioners may be asked to submit to the Revenue Commissioner copy of monthly progress statement of collections made by the Forest Officers for incorporation in the consolidated statement.

4. Government consider that it is unnecessary to include in the consolidated statement of the Land Revenue Department the collections made by the Forest Officers and approve of the instructions which the Revenue Commissioner has issued to the Deputy Commissioners regarding the preparation of the demand, collection and balance statements.

R. 430-13-1, dated the 6th February 1914, grants-in-aid can be paid to village Committees for constructing temples, mosques and other buildings intended for religious purposes, and stating that pending Government orders in the matter, he has not admitted bills for such payments.

No. R. 1204-12—L. R. 430-13-62, DATED BANGALORE, 15TH AUGUST 1914.

ORDER THEREON.—Government consider that, as a rule, grants for religious and charitable buildings should not be made from funds allotted for village improvement works. Exceptional cases where such a concession is for any reason considered necessary may be submitted for orders of Government.

Letter No. 402, dated 8th July 1914, from the Revenue Commissioner in Mysore, submitting for orders letter No. 24, dated 7th July 1914, from the Deputy Commissioner, Bangalore District, requesting that a special allotment of Rs. 30,000 may be provided for his district for undertaking some District Board works for affording work to the people in areas where on account of unfavourable seasonal conditions they are in need of such help.

2. Letter No. 774, dated 17th July 1914, from the same officer, recommending sanction to the undermentioned proposals of the Deputy Commissioner, Bangalore District, (i) that a grant of Rs. 3,000 may be sanctioned for purchasing fodder and selling it at a reduced price to the raiyats in places where there is a scarcity of fodder and (ii) that a grant of Rs. 20,000 may be sanctioned for starting works on the Village Relief Programme.

No. R. 953-63—AGRI. 6-14-4, DATED 4TH AUGUST 1914.

ORDER THEREON.—Orders have already issued separately for providing the Deputy Commissioners with funds for purchasing fodder and for sinking drinking water wells.

2. As regards the funds now asked for by the Deputy Commissioner for starting other works, it is observed that the cost of such works is properly chargeable to District Funds. A provision of Rs. 68,707 has already been made in the budget estimates of the Bangalore District Board, for public works to be carried out by the Public Works Department and Rs. 25,973 for public works to be executed by the Civil Department. The Deputy Commissioner may be requested to utilise these funds as far as they are available in starting suitable works wherever the necessity is felt and to apply for additional grants later on, if considered necessary.

3. Government also consider that it would be of material assistance to the people if the present opportunity is taken to restore some of the minor tanks and as it may be difficult under present conditions for the raiyats to meet the cost of the earthwork, advances may be made to them for the purpose whenever necessary. An allotment of Rs. 50,000 is placed at the disposal of the Revenue Commissioner for distribution to districts for making such advances. The Revenue Commissioner is requested to issue suitable instructions regarding the accounts to be kept and the mode of recovery.

Paragraph 2 of Government Order No. R. 577-88—Agri. 1-14-3, dated the 24th July 1914, issuing instructions to the Conservator of Forests for the supply of compressed hay from the Districts of Mysore, Kadur and Shimoga to the Mysore, Kolar, Bangalore, Tumkur and Chitaldrug Districts to meet the deficiency of fodder in those districts.

2. Letter No. 1072, dated the 28th July 1914, from the Conservator of Forests in Mysore, stating that he has given instructions to the District Forest Officers of Mysore, Kadur and Shimoga in the matter, but that he apprehends that at this time of the year the grass is too tender for compression; and suggesting as an alternative measure that the State Forests in the vicinity of all places where scarcity for fodder prevails may be thrown open for free grazing until the 15th September 1914.

No. R. 1301-10—AGRI. 1-14-8, DATED 18TH AUGUST 1914.

ORDER THEREON.—The Deputy Commissioners of Districts have already been instructed to arrange for throwing open State Forests for free grazing wherever necessary in consultation with the Forest Department.

2. The Conservator of Forests is of opinion that as the grass is still too tender it may not be possible to supply any large quantities of compressed hay at present. He is, however, requested to see that every effort is made to meet the demands of the raiyats for compressed hay and arrange to collect it wherever possible at present, intimating the quantities available to the Deputy Commissioners. The Deputy Commissioners will be expected to make other arrangements to meet the deficiency of fodder until compressed hay is available and take action if necessary to induce the cattle owners to take their cattle to forests, where grass is available.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Order No. 8036-84—Mcd. 24-13-13, dated the 24th February 1914, passing orders on the scheme for the improvement of the Malnad, and directing, *inter alia*, that immediate measures should be taken to afford facilities to cultivators to obtain timber easily for building purposes.

2. Letter No. 59, dated the 6th June 1914, from the Deputy Commissioner, Hassan District, and Chairman, Hassan Malnad Improvement Committee, recommending the extension of the Malnad Raiyats' Privileges Rules to all the tracts to which the Malnad Improvement Scheme has been made applicable.

3. Letter No. 12, dated the 20th July 1914, from the Secretary, Malnad Improvement Committees, Shimoga, submitting certain proposals for affording increased facilities to obtain timber from forests for building purposes in the Malnad.

No. R. 1702-7—Ft. 40-14-3, DATED BANGALORE, 27TH AUGUST 1914.

ORDER THEREON.—With a view to encourage the construction of more suitable dwellings in the Malnad, Government are pleased to extend to non-agriculturists, for a period of three years, the concessions granted to agriculturists by the Malnad Raiyats' Special Privileges Rules published under Government Notification No. R.7375—Ft. 164-04-9, dated the 17th March 1909, and amended from time to time and to direct that building materials of the classes specified in paragraph 9 of the Rules be sold to the people residing in the Malnad, for their *bona fide* personal use at half the seigniorage rates prescribed therein.

2. The Deputy Commissioners of the Malnad Districts are requested to guard against an abuse of these concessions and to see that there is no excessive or wasteful felling of timber.

3. Government are, as a rule, averse to the grant of concessions in the State Forests, but in very exceptional circumstances, where there is no District Forest within convenient distance of a village, the Deputy Commissioner may grant materials from the nearest State Forest under the concessions sanctioned herein.

4. Government also approve of the suggestion to extend the Malnad Raiyats' Special Privileges Rules to all the tracts to which the Malnad Improvement Scheme has been made applicable. A notification amending the appendix to the former rules will be published separately.

READ—

Letter No. 13372, dated the 25th June 1914, from the Conservator of Forests in Mysore, submitting his report on the annual auction sales of sandalwood in the several kotis in the State in the months of November and December 1913.

*Printed as accompaniment.

No. R. 1647-57—Ft. 51-13-27, DATED BANGALORE, 26TH AUGUST 1914.

ORDER THEREON.—Recorded.

2. The market for sandalwood continued favourable and the prices realized showed a general improvement over those of the last year. The all-round average rate, per ton, rose from Rs. 940 in the previous year to Rs. 1,067, *i.e.*, by nearly 13·5 per cent.

3. The quantity sold, *viz.*, 1,862 tons was, however, less than that sold in the previous year by 546 tons. That exposed for sale was 2.148 tons against 2,407 in the previous year, but about 287 tons were withheld from sale owing to low bids.

4. The total realizations amounting to Rs. 19,87,013 were, therefore, less than those of the previous year by about 2¼ lakhs. Including, however, the sum of Rs. 2,14,971 realized by the special sale of about 221 tons and excluding a sum of Rs. 80,462 still to be paid, the actual revenue from this source during the year 1913-14 amounted to Rs. 21,21,522.

Proceedings of the Government of His Highness the Maharaja of Mysore,

ACCOMPANIMENNT.

Letter No. 13372, dated 25th June 1914, from Rajakarya Prasakta, Rai Bahadur M. Muthanna, Esq., Conservator of Forests in Mysore, to D. M. Narasinga Rao, Esq., B.A., B.L., Officiating Secretary to the Government of H. H. the Maharaja of Mysore, General and Revenue Departments.

I have the honor to submit the following report on the auction sales of sandalwood for the year 1913-14, for the information of Government.

2. The sales commenced on the 17th November 1913 in the Shimoga District and continued in the other districts in the order given below :—

Revenue (Forest), dated 26th August 1914.

4. The attendance of purchasers was fairly good at all the kotis, except at Hassan, where the Kanouj merchants did not put in their appearance. The competition was very keen at the Tirthahalli koti but slackened from koti to koti as the sales progressed, so that nearly 287 tons of wood have had to be held back for want of proper bids.

The high rates that prevailed in the previous and current years have apparently, as apprehended in my last year's report, seriously affected consumption.

According to the Indian merchants, the slack demand is due to the poor crop of rose and other scented flowers so largely employed in Indian perfumes, owing to the partial failure of rains but as the quantity purchased by these merchants is not large, the reason is not sufficient to account for the limited demand of the European market.

5. The quantity exposed for sale was less than that of the previous year by 259 tons. Notwithstanding this, 287 tons remained unsold and 73¾ tons, though sold, have neither been paid for nor removed.

6. The subjoined statements exhibits the comparative results of the current and the previous year's sales:—

7. The amount of auction sales is less than that of the previous year by Rs. 2,76,116, but the actual realization is less by only Rs. 1,66,592. The latter includes special sales.

9. The quantity of wood exposed for sale was less than that of the previous year in all the kotis. The all-round average rate, per ton, secured during the year exceeded that of the previous year by Rs. 127 or by 13·5 per cent. The highest average was secured in the Shimoga District, the next highest in the Kadur District, while Hassan, Mysore and Bangalore Districts took respectively the 3rd, 4th and last place.

If the whole of the wood left unsold had been disposed of at the average rates secured for the respective classes at the auction sales, we should have realized an additional revenue of Rs. 3,50,487.

10. The subjoined statement shows the average rates obtained for each class of wood in all the kotis, during the current and previous years' sales, as well as for the decade ending with 1911.

15. The only noteworthy feature in the above statement is the marked decrease in the purchases made by Messrs. Volkart Brothers of Tellicherry and Sorbajee Nowrojee of Bombay, the two leading sandalwood merchants, as compared with the previous year.

Mr. Gunda Shetty made a large purchase, but he has not paid for it yet, nor is there any likelihood of his doing so.

16. The budget provision under sandalwood for the year 1913-14 is Rs. 13,00,000; and the actual realization excluding the amounts not likely to be recovered by the close of the official year, will exceed this by 8,00,000.

The total actual realization for the year 1913-14 including the value of the special sale of 221¼ tons to Mr. Gunda Setti for Rs. 2,14,971 will amount to Rs. 21,21,522 against Rs. 22,63,176 of the previous year.

17. In addition to the sale by tender of 14 tons, 8 cwts included in the statement subjoined to para 3 *supra*, 231 tons of the unsold wood were tendered for by Messrs. Volkart Brothers, Makhulal Ayodhyaprasad, Chemmilal and Gundashetty. They, however, subsequently withdrew their offers pleading that the receipt of the Government orders accepting their tenders were communicated to them too late.

18. The total quantity of Inam sandalwood sold along with the Government wood during the year was tons 9-16-56 against tons 6-6-0 in the previous year, and the amount thereby realized was Rs. 10,388-7-3.

South and west.—Then along the South Canara frontier boundary to the starting point.

A. Remarks.—The following rights of way are admitted within the block throughout the year.

1. Cart-track from Mullodi (hamlet of Samse) to Kudremukha, 18 feet wide and about 124 chains long, for men, cattle and carts. It enters the forest in its eastern boundary at a point about 25 chains south from the southernmost corner of survey No. 118, runs south-west through survey No. 117, south-west and south through survey No. 22, south, south-east, south-west through survey No. 21 and reaches the enclosure formed of survey Nos. 249 and 236; then again it enters the forest in the southern boundary at a point about 5 chains south-west from the westernmost corner of survey No. 236, runs west along the frontier boundary for 38 chains up to the south-east corner of survey No. 244; then north-west through the said survey Nos. 244 and 22 for 41 chains: then north-west and south-west along the frontier boundary and again through survey No. 22 for 58 chains and reaches the Kudremukh hill.

2. Foot-path from Kallanki to South Canara, 6 feet wide and about 488 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 14 chains east from the southernmost corner of survey No. 129, runs north-west through the enclosure of Kutchagery, then west through survey No. 147, south-west and north-west through survey No. 114 and quits the forest in its northern boundary near a halla about 12 chains south-east from the southernmost corner of survey No. 106; then again it enters the forest in its northern boundary at a point about 18 chains south-west from the westernmost corner of survey No. 113, runs south-west through survey Nos. 114, 115 and 84; then west through survey Nos. 27 and 33 and reaches the Bhagavati enclosure. It then leaves the forest in its northern boundary at a point 3 chains north-west from the south-west corner of survey No. 36, runs west and south-west through survey No. 33 and reaches the South Canara boundary.

3. Foot-path from survey No. 31 to survey No 29 which is treated as an enclosure. It enters the forest in its northern boundary at a point about 5 chains south-west from the south-west corner of survey No. 30, runs across the demarcation line and reaches Bilikal (enclosure).

4. Foot-path from survey No. 31 to survey No. 34 which is treated as an enclosure. It enters the forest in its northern boundary at the northernmost corner of survey. No. 34, runs across the demarcation line to Baghavathi (enclosure).

B. The following concessions are admitted within the Block:—

(i) Survey Nos. 236 and 249 are clubbed together and treated as an enclosure with the following boundary:—

Starting from the South Canara frontier line at a point about 5 chains south-west from the southernmost corner of survey No. 236, it runs north for about 8 chains; then west for about 2 chains; then north for 6 chains; then east for about 5 chains; then south-east for about 8 chains; then north-east for about 13 chains; then north-east for about 15 chains; then east for 6 chains; then south-east for about 16 chains, and south for about 22 chains till it meets the South Canara boundary. Access will be along the cart-track No. 1 *supra*.

(ii) The hamlet of Kutchagere in survey No. 147 with its cultivated land survey No. 129 will be formed into an enclosure having the following boundary:—

Starting from a point about 21 chains south-east from the south-east corner of survey No. 148, the line runs west for about 47 chains, then south for 12 chains, till it meets the junction of two hallas; then along the halla for about 27 chains; then east for about 34 chains till it meets the demarcation line of the reserve. Access will be along the foot-path No. 2 *supra*.

Revenue (Forest), dated 29th August 1914.

(iii) Survey Nos. 23 and 24 on the Kudremukh hill where the bungalows stand and the adjoining survey No. 261 in the holding of Reverend Bishop will be treated as an enclosure having the following boundary :—

Starting on the South Canara frontier line at a point about 5 chains south-west from the southernmost corner of survey No. 261, then runs north for about 66 chains to a point about 8 chains north-west from the north-west corner of survey No. 24 ; then north-east along the halla for about 32 chains ; then due south for about 67 chains till it meets the South Canara boundry at a point about 6 chains east from the south-east corner of survey No. 261. Access will be along the track No. 1 *supra*.

(iv) Survey Nos. 34, 35 and 36 of the hamlet of Bagavati are clubbed together and treated as an enclosure. Access will be along the foot-path No. 2 *supra*.

(v) The hamlet of Bilikal with survey Nos. 28 and 29 forming one block is treated as an enclosure. Its boundary will be as follows :—

Starting from a point on the Bhadra River in the northern boundary (where a halla falls into the said river), which is about 13 chains south-east from the south-east corner of survey No. 30, the line runs south-east along the said halla for about 20 chains to a point about 5 chains east from the easternmost corner of survey No. 29, then south through survey Nos. 33 and 27 for about 30 chains to a point about 10 chains south-east from the southernmost corner of survey No. 28 ; then north-west through survey Nos. 27 and 33 for about 62 chains till it meets a halla, then north-east along the said halla for about 24 chains till it meets the demarcation line. Access will be along the foot-path No. 2 *supra*.

ACCOMPANIMENT.

Letter No. 380, dated 9th June 1914, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Kadur District.

I have the honor to report on the conclusion of the settlement of the South Bhadra Block in the Mudgere Taluk of the Kadur District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 134 and 135 of the English issue of the *Mysore Gazette*, Part I, dated 28th February 1907, and the proclamation under Section 5 of the said regulation was issued by my predecessor Mr. M. Shama Rao and the same was published on pages 674 and 675 of the Kannada issue of the *Mysore Gazette*, Part II, dated 24th March 1907. The proclamatory notices were got served on the villagers concerned through the Amildar of the Mudgere Taluk.

3. The tract was inspected and perambulated by me in company with the Sub-Assistant Conservator Mr. M. A. Varadachar on the 15th and 16th April 1912. It consists of high and steep hills appearing almost bald, barring some sholas which contain the kan-species of trees which are much stunted probably owing to the high winds which rage in the monsoon season. The constitution of the block into a State Forest will, therefore, not be of much advantage to the Forest Department for some decades to come. Liberal provision has been made for grazing of the raiyats' cattle and for the supply of fuel for domestic consumption and *soppu* for the paddy fields, the cultivation of which alone is attended to by the raiyats of the locality, by excluding some of the lands out of the reserve in the neighbourhood of the several hamlets established therein at long distances from one another.

4. The undermentioned nine claims were preferred to me during the enquiry :—

(i) One claim to right of grazing.
(ii) Four claims to right of way.
(iii) Four claims to miscellaneous rights.

All the claims in (i), (ii) and (iii) were admitted.

5. The Deputy Commissioner has intimated in his docket No. 1120, dated 5th October 1912, that no appeals have been preferred to him against my decision relating to the settlement of the block in question.

6. The following records are herewith submitted :—

(1) 'B' Register,
(2) 'C' Register,
(3) Sketch map,
(4) Boundary notification ; and
(5) Topo tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

	Chandrappa, Khatedar of survey No. 253 and some other lands in Samse	15th April 1912	Requests that about 100 acres of gomal may be left around his lands for his cattle and those of the neighbouring raiyats, as also sufficient lands for grazing and other purposes around the hamlets of Kundadi, Nellibedu, Jambla, Malleswara, Jambur, Sanksara, Biligallu, Lakya, Aravalli and Hengodalu	.....	As these hamlets are hemmed in by the preliminary demarcation line they require some more area for grazing and other purposes	The proposal is to form a State Forest having an area of 36 79 square miles out of the kharab and gomal lands of the village of Samse According to the village accounts it has an extent of 1,491 acres of occupied lands, excluding phut kharab 58 acres of assessed waste, 1,372 acres of kharab and 45,792 acres of gomal lands or 49 189 acres in the aggregate The cultivated lands are all paddy fields scattered over in the slopes and valleys adjoining the bank of the Bhadra river with a few houses located near each patch of cultivation which form a hamlet. Though after deducting the extent of lands proposed for the reserve, there remains for the use of the village no less than 23,618 acres of kharab and gomal lands, yet, this large area cannot be made use of by all the raiyats of the several hamlets which the village comprises owing to the distance of the lands left for communal purposes. Besides, the country being situated in the western ghats, it is full of ridges and valleys and communication from one hamlet to another is by no means easy It is therefore absolutely necessary to provide pasture lands as also some jungle around and within easy reach of each hamlet. From the papers relating to the proposal for the reservation of the block in question, no information can be obtained regarding the object of reservation of this tract which consits of high and steep hills appearing almost bald, barring some sholas here and there in the hollows containing kan species of trees, and I am afraid that as even the growth of the trees in these sholas is stunted, probably owing to the high winds which rage in the mansoon season, the constitution of the block into a State Forest will not be of much advantage to the Forest Department for some decades to come, And	.....	..

therefore any liberal provision made for the grazing of the raiyats' cattle and for the supply of fuel for domestic consumption and soppu for the paddy fields, the cultivation of which alone is attended to by the raiyats of the locality, by excluding some of the lands out of the reserve in the neighbourhood of many hamlets established therein at long distances from one another, is not likely to affect the interests of the Forest Department. I accordingly direct that around survey Nos 28 and 29 of the Dakle village of Bilikal an enclosure of 182 acres be left as shown in the map for the use of the raiyats of the said hamlet; and that in the case of Aravalli hamlet consisting of survey Nos. 79, 80, 81, 82, and 83 and of Hengadlu consisting of survey Nos. 256, 257 and 258 and of Jambali and Nellibedu hamlets, the line be deviated at the point about 5 chains west from the south-west corner of survey No. 79 and made to run south-east along the halla as far as the eastern boundary of survey No. 83 to a point about 20 chains north-east from the south-west corner of survey No. 81, then north-east along the south side of the same survey number for about 65 chains till it meets the halla, then along the said halla for about 30 chains, then north for about 70 chains to the northernmost corner of survey No. 116, then south-east for about 51 chains to the point of junction of two hallas in survey No. 114, then north-east for about 64 chains till it crosses the halla in the said survey No. 114, then north-east for about 12 chains to a point on the western boundary of survey No. 117 about 21 chains south from the south-east corner of survey No. 103, then in the same direction for about 28 chains through survey No. 117 to the point of junction of three hallas in the said survey number, then north along the main halla for 15 chains to the point where it falls into the Bhadra river, then along the latter for 55 chains up to the north-west corner of survey No. 157; then south-east along the west side of the said survey number and survey No 191 for about 88 chains in all. By this arrangement, about 237 acres out of the reserve will be excluded for the benefit of the raiyats concerned.

2	Chandiah, landholder in Samse.	15th April 1912	States that as the preliminary demarcation line runs close to some of the cultivated lands, it may be shifted farther way.	.....	.....	As the preliminary demarcation line runs at the edge of the hamlets of Kallanki, Beile, and Soutikumri, it will be shifted at a point about 21 chains south-east from the south-east corner of survey No. 148 and made to run south-west for about 33 chains to a point on the ridge about 14 chains east from the south-east corner of survey No. 129, then south for about 58 chains to a point on the southern boundary of survey No. 147 about 21 chains south-west from the western-most corner of survey No. 127; then south-west for about 73 chains to the junction of the jungle hallas in survey No. 117 about 25 chains west from the south-west corner of survey No. 129, then along the halla for about 70 chains to the top of the ridge in survey No. 117 where another halla takes its rise, then south-east along the latter halla for about 45 chains, then in the same direction across the big halla for about 12 chains till it meets another halla at a point about 7 chains west from the westernmost corner of survey No. 119, then along the last mentioned halla in a south-easterly direction for about 45 chains to the junction of another halla, then across the halla in an easterly direction for about 13 chains to a point on the eastern boundary of survey No. 117 about 35 chains north from the south-east corner of the said survey number and then in the same direction for about 56 chains through survey Nos. 117 and 19 till it meets the South-Canara frontier. (Sd). C. VENKATA RAO, Forest Settlement Officer. 16th April 1912.	.....	

3	Mr. Fowkes gonda esta....		...res of land ...o. 21 which is proposed for inclusion in the South Bhadra Block and that 50 acres of land may be excluded from the reserve.	...	Survey No. 236 is in the holding of Subba where he has built some cooli lines. At a distance of 25 chains, Mr. Fowkes owns survey No. 249. The latter has applied for 30 acres of land between the 2 survey numbers for dry cultivation. As large herds of cattle from South Canara come to the reserve for grazing he intends to obtain a monopoly of cattle-dung for the use of coffee estate, by erecting sheds for affording shelter to them. As such accommodation in a tree-less tract in the reserve, is likely to attract larger herds of cattle from outside and thereby enhance the grazing revenue I would exclude about 50 acres in the locality in view to the same being given out by the Revenue authorities to Mr. Fowkes of the Attigunda Estate. I accordingly direct that an enclosure be formed in survey No. 21 having its boundary as follows:— Starting from the South-Canara frontier line at a point about five chains south-west from the southernmost corner of survey No. 236, it runs north for about eight chains, then west for about two chains, then north for six chains, then east for about five chains, then south-east for about eight chains, then north-east for about thirteen chains, then north-east for about 16 chains, then east for about six chains, then south-east for about 16 chains and south for about 22 chains till it meets the south Canara boundary. (Sd). C. VENKATA RAO, Forest Settlement Officer. 16th April 1912.	
	Ascertained by the Forest Settlement Officer.	15th April 1912.		...	(1) The hamlet of Kutchagere in survey No. 147 with its cultivated land (survey No. 129) will be formed into an enclosure having the following boundaries:— Starting from a point about 21 chains south-east from the south-east corner of survey No. 148, the line runs west for about 47 chains, then south for 12 chains till it meets the junction of two hallas, then along the halla for about 27 chains and then east for about 84 chains till it meets the demarcation line of the reserve. By this arrangement about 147 acres of pasture lands will be excluded from the reserve for the use of the raiyats of the above hamlet.	...

The consolidated preliminary Budget for the year 1914-15, and the Comptroller's Notes thereon.

No. FL. 521.—G. F. 116-13-2, DATED BANGALORE, 7TH AUGUST 1914.

ORDER THEREON.—The revised estimate framed by the Comptroller on the basis of eight months' actuals shows that the revenue and expenditure for the year 1913-14, which were estimated at Rs. 2,57,17,000 and 3,13,55,000, stand revised at present to Rs. 3,17,30,000 and Rs. 2,74,91,000 respectively. The net result of the transactions of the year according to the revised estimates is therefore expected to be a surplus of Rs. 42,39,000.

2. This improvement is the combined result of the revenue being Rs. 60,13,000 higher than the budget estimate and the expenditure Rs. 38,64,000 lower. The increase on the revenue side is contributed to by the heads, Forest, Excise, Stamps, Interest, Railways and Surplus Revenues of the Bangalore Assigned Tract. On the expenditure side against a grant of Rs. 65.10,000 for capital expenditure in connection with the Cauvery Reservoir, Railway Construction, the Fourth Installation of the Cauvery Power Works and the Bangalore Tramways, there is a lapse of Rs. 27,42,000. There were also lapses and savings of Rs. 11,22,000 in the ordinary grant.

3. *Budget, 1914-15.*—The budget estimates for the year 1914-15, as provisionally passed, were for a revenue of Rs. 2,84,92,000 and an expenditure, inclusive of grants for special capital works, of Rs. 3,58,63,000.

4. The budget was presented to the Legislative Council on the 29th June 1914 and discussed at a sitting of the Council on the 7th July 1914. The discussion was full and interesting and a report of it will appear in the Gazette in the usual course.

5. A sum of Rs. 17,000 is now added on the revenue side on account of the net revenue anticipated from the Tarikere-Yedahalli Tramway line which is shortly to be opened for traffic.

6. With this addition the estimates which will stand as under are sanctioned :—

	Rs.
Revenue	2,85,09,000
Expenditure (inclusive of grants for special capital works)	3,58,63,000

The special grants for capital expenditure aggregate Rs. 95,17,000 as noted below :—

	Rs.
(1) Cauvery Reservoir Works	37,50,000
(2) Electric Tramways	6,00,000
(3) IV Installation, Cauvery Power Scheme ...	5,67,000
(4) State Railway Construction	36,00,000
(5) Subsidised Railways	10,00,000
Total ...	95,17,000

Exclusive of the special grants, the normal budget shows a surplus of Rs. 21,63,000.

7. This order together with the detailed budget as sanctioned in paragraph 6 above, will be published in an extraordinary issue of the *Mysore Gazette* for general information.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (General Finance), dated 27th August 1914.

No. Fl. 900-48—G. F. 31-14-1, DATED BANGALORE, 27TH AUGUST 1914.

ORDER.—The question of regulating the procedure for meeting expenses connected with the remittances of treasure has been engaging the attention of Government for sometime past. The procedure in vogue is not uniform in all the districts, in some of which the amount required both for actual expenses of remittance and for defraying the travelling expenses of the Barr sepoys that accompany the treasure is drawn on advance memoranda and in others on abstract contingent bills. In the former case, the actual expenditure incurred on railway charges, packing and other contingent items is subsquently drawn on abstract contingent bills and remitted to the Treasury in part adjustment of the advance. While the amounts advanced to the Barr sepoys for railway fare are adjusted after a long time, *i.e.*, on receipt of their audited Travelling Allowance Bills. In the latter case the amounts advanced to Barr sepoys are shortdrawn in the contingent bill of the month in which their audited travelling allowance bills are cashed.

2. With a view to secure uniformity of practice, Government are pleased to approve of the following procedure for strict observance as suggested by the Comptroller.

(*a*) The amounts required for meeting the expenses connected with any remittance inclusive of the advance to Barr sepoys should be drawn on advance memoranda by the Deputy Commissioners.

(*b*) These advances will be noted in the books of the Comptroller's office as "Objection Book Advance" against the Deputy Commissioners.

(*c*) As soon as the duty is completed, the amount actually spent on railway fare, packing and other contingent charges, should be accounted for on a detailed bill to be submitted for audit and for part adjustment of the advance.

(*d*) As regards the advances made to Barr sepoys, the Deputy Commissioners should send to the Chief Commandant a statement furnishing details of the amounts advanced to the sepoys and the journeys and halts made by them and the Chief Commandant will deduct these amounts from the travelling allowance bills of the respective divisions and attach the statements to the bills. When the bills are received in the Comptroller's Office for audit, they will be enfaced for payment, subject to the deduction of the sums shown in the statement which will be credited to "Objection Book Advance" If the amount advanced to the sepoys is in excess of the travelling allowance due to them, the difference should be recovered from their pay towards full adjustment of the advance.

Letter No. 7479, dated the 1st April 1913, from the Excise Commissioner in Mysore, forwarding copies of the correspondence between himself and Mr. K. Krishna Iyer, Officiating Deputy Commissioner, Chitaldrug District, in regard to the employment by the latter officer, of the District Excise Officer of the District, for conducting revenue sales, and soliciting orders as to whether a Deputy Commissioner is competent to depute an Assistant of his to do a duty not properly falling within his sphere of work, without either a previous reference or intimation to the Head of the Department concerned.

No. FL. 524-72—S. R. 222-12-2, DATED BANGALORE, 7TH AUGUST 1914.

ORDER THEREON.—Government consider that a Deputy Commissioner as the Administrative Head of the District should have some latitude in the matter of arranging for the conduct of emergent work by a suitable redistribution of the same during the temporary absence of any one or more of his Assistants; but that, at the same time, such an authority should not be exercised without immediately intimating the fact to the Head of the Department concerned. Ordinarily the period during which an Assistant may be employed on other than his proper work should not exceed three days and where it is necessary to employ him for a longer period, the concurrence of the Head of the Department concerned should be obtained.

Letter No. 291, dated the 23rd May 1913, from the Government Advocate, proposing a revision of pay of the clerical and menial establishment attached to his office.

2. Correspondence ending with letter No. 166, dated the 31st December 1913, from the same officer, furnishing information about the educational qualifications of the clerks of his office as also particulars relating to the amount of work turned out in his office.

No. J. 352-3—CTS. 333-12-6, DATED BANGALORE, 11TH AUGUST 1914.

ORDER THEREON.—As represented by the Government Advocate, the clerical work of the office has somewhat increased in recent years and the prospects of promotion to the clerks employed in the office are poor. Government are therefore pleased to raise the pay of the two clerks to Rs. 30—2—40 and Rs. 20—1—25 respectively.

With regard to the menial establishment, the proposal of the Government Advocate to have a daffedar attached to his office who will attend to the work of a mutchi in addition, commends itself to Government and they are accordingly pleased to direct that one of the two peons now drawing a pay of Rs. 7 per mensem be henceforth designated Daffedar and his pay raised to Rs. 8. The pay of the third peon is raised from Rs. 6 to 7.

The establishment as revised will stand as noted in the margin and the revision will take effect from the 1st August 1914.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial and Legislative (Police), dated 14th August 1914.

No. J. 381-429—Pol. 14-14-1, dated Bangalore, 14th August 1914.

Order—Section 56 (*b*) of the Police Regulation lays down the Rule of the Road to be observed by drivers of vehicles in the following terms:—

"*No person should, without reasonable cause, drive, drag or push any vehicle otherwise than on the near or left side of the road, or pass any vehicle except on the right side of it.*"

This provision is in force only in the district and taluk headquarters and in the Kolar Gold Fields.

2. With a view to minimize obstruction to rapid traffic on all public roads frequented by motor vehicles and to promote the convenience of road traffic generally, it is desirable that on all public thoroughfares throughout the State, vehicles should invariably drive on the left side of the road.

3. Government therefore desire the co-operation of all Government officers and the public in securing the observance of this rule till it becomes a recognized habit with all drivers of vehicles on public roads.

4. The Revenue officers will have the rule announced by beat of *tom tom* in towns and villages in the State; the Inspector-General of Education will have the rule read in all High Schools and Primary Schools, and the Inspector-General of Police will issue instructions to the Police to observe the rule in regulating the traffic accordingly.

5. Action may be taken by the Revenue and Educational officers as suggested in paragraph 4 above, once as soon as this order is received, and thereafter, on the first day of every quarter commencing from 1st October 1914, for a period of two years.

No. 1310-20—Ml. 119-14-1, dated Bangalore, 3rd August 1914.

Order.—According to the existing practice all refunds of items credited as Municipal Revenue, with the exception of Octroi, require the previous sanction of Government. As these powers may with advantage be transferred in the case of Municipalities governed by the Municipal Regulation to the Municipal Councils concerned, Government are pleased to empower Municipal Councils to sanction refunds of Municipal Revenues subject to such rules as may be framed under Section 46 (i) of the Municipal Regulation, defining the conditions under which refunds will be allowed. The Comptroller is requested to prepare a set of suitable rules on the subject, circulate them to the Presidents of the Municipal Councils concerned and submit them for final approval of Government with their opinions.

Government Proceedings No. 8770-5—San. 91-13-2, dated the 24th March 1914, appointing Mr. J. V. Karve and Mr. M. G. Samuel as Special Sanitary Officers for the Malnad portions of the Shimoga District, and Hassan and Kadur Districts, respectively, with a local allowance of Rs. 50 per mensem to each, and directing that half their pay and travelling allowances and the entire local allowance be debited to the Malnad Improvement grant.

2. Letter No. 5490, dated the 16th June 1914, from the Sanitary Commissioner in Mysore, forwarding certain revised proposals about the charges and duties of the Special Sanitary Officers.

3. Government Proceedings No. 541-9—Med. 24-13-107, dated the 11th July 1914, passing orders on some of the points referred to in the proceedings of a joint meeting of the three Malnad Improvement District Committees held at Arsikere on the 9th May 1914, and of another meeting of the Deputy Commissioners of Shimoga, Kadur and Hassan Districts and of certain leading gentlemen of the Malnad, held at Mysore on 8th June 1914; and stating that orders would be separately issued in regard to the other points referred to in the proceedings of the meetings.

No. 1929-39—MED. 24-13-118, DATED BANGALORE, 20TH AUGUST 1914.

ORDER THEREON.—The undermentioned proposals made by the Sanitary Commissioner in his letter read above are approved:—

(i) The laboratory work of the Special Sanitary Officers will be confined to the identification with the naked eye of the larvae of the anopheles mosquito. Any work requiring elaborate microscopic or bacteriological investigation should be sent to the Central Laboratory at Bangalore, with the requisite specimens. Under this arrangement which is quite sufficient for the purpose in view, there is no necessity for separate laboratory equipment and staff for these officers.

(ii) The administration of quinine to persons suffering from Malaria should be mainly undertaken by the Medical subordinates in charge of the dispensaries. The District Sanitary Officers will, however, help them in the treatment of serious or complicated cases. For this purpose they will be supplied with suitable medicine chests and pocket cases costing about Rs. 500 each, the cost being debited to the Malnad Improvement grant.

(iii) As, under this modified arrangement, these officers will not have sufficient work, they will also have the sanitary charge of the entire districts. Mr. J. V. Karve will be in charge of the Shimoga and Mr. M. G. Samuel in charge of the Kadur District. In regard to the Hassan District, the Assistant Surgeon in charge of the Local Fund Dispensary at Saklespur will be the Special Sanitary Officer for the Malnad portions of the district and a Sub-Assistant Surgeon of the last class with the usual Malnad allowance of Rs. 20 per mensem will be posted to Saklespur to be in charge of the dispensary during the absence of the Assistant Surgeon on tour and to assist him when he is at headquarters.

(iv) The District Sanitary Officers of Shimoga and Kadur do not require any additional establishment for this work. But a clerk on Rs. 15 and a peon on Rs. 7 per mensem will be given to the Special Sanitary Officer, Hassan District. A local allowance of Rs. 50 to the Sanitary Officer of Shimoga District and a similar allowance of Rs. 30 to each of the other two Sanitary Officers are also sanctioned. The pay and travelling allowances of the Sanitary Officers of Shimoga and Kadur Districts will be debited to the Sanitary budget, and of the Sanitary Officer, Hassan District, to the Medical budget. The local allowances of these officers, the pay and allowance of the Sub-Assistant Surgeon to be posted to Saklespur and the cost of the additional establishment referred to above will be debited to the Malnad Improvement grant.

2. The Deputy Sanitary Commissioner will also be a member of the Central Committee in addition to those already appointed in clause (iii) of paragraph 1 of the Government Order, dated 11th July 1914, read above, and he may under the general or special instructions of the Sanitary Commissioner attend the meetings of the District Committees as well.

3. Mr. Ananda Rao Sirsi, B.A., LL.B., who is now the Special Revenue Officer in charge of the operations under the scheme in all the three districts and is also Secretary to all the three District Committees, will hereafter be the Special Revenue Officer in charge of the operations in the Shimoga District only and be Secretary to that District Committee. A separate Special Revenue Officer, with headquarters at Chikmagalur, will be appointed for the Kadur and Hassan Districts and he will be Secretary to the Committees of those districts. Mr. Ananda Rao Sirsi will continue to be Secretary to the Central Committee.

4. As it would be inexpedient not to interest Amildars in this important work, Government laid down in paragraph 13 of the Government Order dated 24th February 1914, certain instructions for the guidance of the Deputy Commissioners concerned. These instructions should be duly given effect to and the Amildars instructed to supervise the subordinate executive staff to the necessary extent.

5. In all routine and ordinary matters—such as estimates for works, measurement and completion bills, etc., the Revenue officers may, under the general or special instructions of the Deputy Commissioners address the Amildars direct. It is, however, necessary that orders issued to Amildars in regard to important matters concerning the initiation, execution and supervision of measures and also all matters falling under the Land Revenue Law and the law relating to Local Boards and Municipalities should pass through the Sub-Division Assistant Commissioner concerned.

6. The scale of establishment sanctioned in the proposition statement annexed to the Government Order dated 24th February 1914, will be revised as follows:—

7. The financial effect of the arrangements ordered above is shown in the statement annexed.*

Local Fund and Sanitary (Medical), dated 20th August 1914.

8. Government will be prepared to consider favourably proposals involving additional expenditure on works proper as distinguished from establishment, which may lead to the amelioration of the people residing in the Malnad areas. The Deputy Commissioners are requested to study, with the aid of the Special Officers, the conditions of the respective localities and expedite the larger proposals due under Government Order No. 8036-84—Med. 24-13-13, dated 24th February 1914.

READ—

The Report on Sanitation in Mysore for the calendar year 1913, received with letter No. 5244, dated the 6th June 1914, from the Sanitary Commissioner.

No. 1950-8—SAN. 113-13-3, DATED BANGALORE, 21ST AUGUST 1914.

ORDER THEREON.—1. *Births and deaths.*—The number of births and deaths registered during the year was 108,055 and 103,087, respectively, representing a ratio of 18·94 and 18·07 per mille. The birth rates for urban and rural areas were 29·86 and 17·57, and the death rates 27·30 and 16·92 per mille respectively.

The question of improving the existing system of registration of vital statistics which though slightly better in urban than in rural areas is on the whole defective has been taken up by the Sanitary Commissioner, and his proposals on the subject are now before Government.

2. *Infantile mortality.*—The rate of infantile mortality was 125·77 per mille of registered births, the proportion being the highest in the Chitaldrug District. The Sanitary Commissioner is requested to instruct the Sanitary Officer recently posted to the Chitaldrug District, to study the causes of the heavy infant mortality in that district carefully and to take steps to check it in consultation with the Deputy Commissioner.

3. *Cholera.*—The mortality from cholera was 1·41 per mille against 1·18 in the previous year. The disease occurred in all the districts but it did most havoc in the Mysore and Kadur Districts, where the rate rose to 3·32 and 2·97 respectively.

Amongst the towns which suffered most were Heggaddevankote, Kunigal, Hunsur, Gundlupet, Yedatore and Maddur. The Deputy Commissioners of Districts will be requested to take special measures to secure from contamination the supplies of drinking water in villages on the frontier and those lying along pilgrim routes, which usually serve as sources of infection.

4. *Small-pox.*—Small-pox occurred in all the districts and the mortality from it rose from 0·32 per mille in 1912 to 1·53 in 1913. It is observed from the report that not even 30 per cent of the total number of infants born in a year are vaccinated. Government will be glad if the Sanitary Commissioner could compare the existing system and method of vaccination in the State with what is done elsewhere with a view to improve existing arrangements for vaccination, and make some definite suggestions for reducing the percentage of unprotected children and adults.

5. *Plague.*—There was a satisfactory decrease in mortality from plague. The number of attacks and deaths from plague was 4,930 and 3,495 against 7,255 and 5,376 respectively in 1912. The number of persons inoculated was 9,587.

6. *Fevers.*—Fevers accounted for 37,137 deaths, *i.e.*, 36·02 per cent of the total mortality from all causes, representing a ratio of 6·52 per mille of population. Government note that the Sanitary Commissioner expects that the practical experience gained by the operations under the Malnad Improvement Scheme recently sanctioned by Government will be of some help in dealing with the problem of malaria in the State, and trust that he will impress upon medical and sanitary officers the need for special study and investigation of the subject.

7. The total expenditure incurred by the Municipal and District Boards on sanitary works was Rs. 36,253. The aggregate cost of sanitary works carried out by the Public Works Department during the year was Rs. 3,33,731 against Rs. 1,01,257 in the previous year.

8. Government regret that the work done by the Central Sanitary Board during the year under review was of an unimportant character. The question of enhancing the usefulness of this body and utilizing its services in the development of important sanitary schemes in the State is engaging attention.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Education), dated 8th August 1914.

No. 1522-3—Edn. 37-14-1, dated Bangalore, 8th August 1914.

Order.—Government have had before them, for some time past, a scheme to enable their officers and others to avail themselves of the facilities offered by the International Correspondence Schools for the improvement of their knowledge, efficiency, and earning capacity.

2. The courses of training embrace subjects connected with Engineering-Civil, Mechanical, Electrical and Sanitary, Commerce, Agriculture, Industries, etc.

3. With a view to make a beginning in this direction, Government are prepared to assist six officers selected from the different departments to take courses chosen by them on the following terms:—

(i) Government will make payment to the International Correspondence Schools in cash of the fees of the students at rates which will be settled with the International Correspondence School.

(ii) The payments so made will be recovered from the students in easy instalments spread over a period of not less than three years and not more than five.

(iii) If the student pursues the course diligently, passes the final examination and obtains a diploma at the end of the course, Government will grant a bonus of half the fee paid for the course.

4. The Inspector-General of Education is requested to select, in consultation with the Heads of Departments, the officers who are willing to undergo the training under the above terms. He is further authorised to grant the concession to the officers selected after obtaining from them applications on this behalf and agreements binding themselves to the conditions above laid down.

The net cost of the scheme which is expected to be Rs. 810 approximately will be debited to the Education Budget.

The Comptroller is requested to issue, in consultation with the Inspector-General of Education, the necessary instructions as regards the advances to be drawn for the payment of the fees, and the recoveries to be effected from the pay bills of the officers selected to undergo the courses.

Government Proceedings No. G. 2922-4—G. P. 13-05-8, dated 5th December 1905, sanctioning the revision of the establishment of the Branch Press, Mysore, at an additional cost of Rs. 95 per mensem.

2. Government Proceedings No. G. 6221-2—G. P. 3-11-21, dated 20th May 1912, sanctioning the grant of increases of pay to certain officials of the Branch Press.

3. Letter No. 562, dated 4th November 1913, from the Superintendent, Government Press, submitting certain proposals for revising the scale of pay of the establishment of the Branch Press.

4. Correspondence ending with letter No. 1465, dated 28th April 1914, from the same Officer, furnishing certain additional information on the subject.

No. G. 989-90—G. P. 2-13-21, DATED BANGALORE, 1ST AUGUST 1914.

ORDER THEREON.—The Superintendent reports that, except for the small increments granted to a few officials under the order of the 20th May 1912 read above, the establishment of the Branch Press has undergone no modification in other respects subsequently to 1906-07. Since then, work is reported to have greatly increased in the Branch Press. The Superintendent accordingly proposes a general increase of pay to the employees of the Branch Press, so as to give them adequate remuneration, and the formation of graded appointments as in the Government Central Press, Bangalore. These proposals involve an additional cost of Rs. 83¾ per mensem or about Rs. 1,000 annually.

2. Government are not in favour of sanctioning an all-round increase as proposed by the Superintendent. After careful consideration, they have decided to sanction increases to the establishment at an extra cost of Rs. 60¾ per mensem or Rs. 729 per annum. The details of the proposals as now sanctioned are given in the annexed statement which shows the present, proposed and revised scales in juxtaposition. The revised scale will come into effect from 1st July 1914.

3. The increases herein sanctioned will be treated as duly authorized charges on the current year's Press Budget, the question of finally meeting the charges, either by reappropriation or from additional grants, being brought up for the consideration of Government early in February 1915.

Para (5) of Government Order No. G. 2129-65—G. M. 131-08-1, dated 24th September 1908, regarding submission to Government of annual reports of inspection of tents with subordinate officers.

2. Letter No. 5779, dated the 16th July 1912, from the Chief Engineer of Mysore, stating that the annual inspection of tents required to be made by Heads of Departments related only to the tents in their own charge and no inspection reports would be due from his office as all the tents of the Public Works Department are in charge of Executive Engineers of Divisions and those used by his office have been entrusted to the custody of the Executive Engineer, Bangalore Division.

No. G. 1020-67—G. M. 107-12-59, DATED BANGALORE, 3RD AUGUST 1914.

ORDER THEREON.—As no useful purpose is served by the receipt in the General and Revenue Secretariat of annual reports of inspection of tents with such officers as do not get their supply from the General and Revenue Secretariat Stores, Government are pleased to direct that the reports prescribed in Rules (4) and (5) of the Government Order read above be sent to the General and Revenue Secretariat only in the case of officers and Departments who obtained their supply from the General and Revenue Secretariat Stores. The reports due from other officers who obtained their supply from other sources will be submitted to Government in the Departments concerned.

Letter No. 1646, dated the 14th February 1914, from the Officiating Chief Engineer of Mysore, forwarding certain correspondence received from the Comptroller, Public Works Branch, in the matter of local purchase of tags by officers who are not supplied with this article by the Stationery Depot, and requesting orders of Government as to whether Superintending Engineers of Circles and Executive Engineers of Divisions are prohibited from purchasing tags when necessary under the authority of the Chief Engineer, seeing that the supply of this article is restricted to Secretariats and Heads of Departments by Government Order No. G. 6011-60, dated the 27th May 1904, Appendix A, item 94, page 11.

No. G. 1360-70—G. M. 73-13-134, DATED BANGALORE, 12TH AUGUST 1914.

ORDER THEREON.—In the improved mode of arranging and handling official papers now obtaining in the more important offices under the Government, tags are found safer and handier than pins; and the Government are accordingly pleased, in modification of the provision contained in the Stationery Rules, to order the supply of cotton tags from the Stationery Depot, to all officers of and above the rank of Deputy Commissioners and of Executive Engineers in the Public Works Department, on annual indents along with other articles of stationery. In view of the costliness of the article, indenting officers are requested to use these only when absolutely necessary and keep their indents at a minimum. The Superintendent, Stationery Depot, will bring to the notice of Government, cases in which he considers that tags are extravagently indented for.

No. G. 1531-80—G. M. 151-14-1, DATED BANGALORE, 15TH AUGUST 1914.

ORDER THEREON.—Mr. K. R. Srinivasiengar will, in consultation with the Heads of Departments, take up the preparation of an up-to-date Statistical Atlas of Mysore, duly illustrated by charts or graphs, both in English and Kannada, and complete it before the end of December 1914. Proofs of the final drafts should be submitted to Government for approval.

2. Mr. Srinivasiengar is further requested to arrange for the compilation and publication of District Hand-books obtaining all necessary information from the Deputy Commissioners of Districts.

3. Heads of Departments and Deputy Commissioners of Districts are requested to comply readily with requisitions from Mr. K. R. Srinivasiengar for information.

4. While employed on this special work and such other work as may hereafter be assigned to him, Mr. Srinivasiengar will draw a local allowance of Rs. 150 per mensem with effect from the 15th June 1914, in addition to his grade pay as Deputy Commissioner, First Grade.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. G. 1751-61—G. M. 152-14-1, DATED BANGALORE, THE 18TH AUGUST 1914.

ORDER.—The experience of the past three years has shown that, in order to attain the objects of the Economic Conference more fully, it is desirable to appoint a full time officer in each district to study and investigate local conditions and organize economic activities in the district. The work of the District Committees will in this way be brought into closer touch with the activities of the Central Committees. The proposal was considered at a meeting of Heads of Departments and Deputy Commissioners, held at Mysore in June last and elicited a considerable amount of opinion in its favour. The Government of His Highness the Maharaja are therefore pleased to sanction, as a tentative measure, for a period of two years for the present, the appointment of eight officers, one for each district, to assist the Deputy Commissioners in stimulating and systematizing Conference work. These officers will be designated District Superintendents, A. E. & I. (*i.e.*, Agriculture, Education and Industries and Commerce).

2. The officers will work directly under the Deputy Commissioners of the districts and will serve as their Personal Assistants for Economic Conference work. They will have no authority over the Amildars who will, however, be expected to co-operate with and render them every assistance in the discharge of their duties. The District Superintendent will be an additional *ex-officio* member of the District Committee and his principal duties will include the following:—

(1) He should study the economic condition and needs of the district, collect information and correct statistics.

The compilation of correct statistics with the help of the departments concerned will be one of his principal duties during the current official year.

(2) He should attend meetings of the District Committee and help that Committee with information collected from various sources.

(3) He should keep close touch with the Secretaries of the Central Committees of the Economic Conference and the progress of Conference work generally in the whole State.

(4) He should explain the aims and objects of the Economic Conference and of the corresponding departments of Government to the people and help them to get a clear idea of their more important wants under Education, Agriculture and Industries and Trade, and in devising measures to meet such wants with the help of the Committees and the Departments concerned.

(5) He should travel in the district frequently, come into contact with all people likely to take an active part in the progress of education, agriculture, industries and trade, and organise developments in all these directions.

(6) He should endeavour to rouse the enthusiasm of the people, prepare them for the initiation of measures and schemes by the departments of Education, Agriculture and Industries and obtain the help of Experts through the departments concerned wherever the local people may want them.

(7) He should guide the work of Village Committees and Taluk Progress Committees on right lines by attending the Committee meetings whenever convenient and by suggestions in other ways.

3. Four of these Superintendents will be selected from among qualified non-official gentlemen and the other four from the list of Amildars. The pay of these officers will be fixed at Rs. 200 or Rs. 250 per mensem as the case may be. They will draw halting and mileage allowances at the following rates:—

Daily allowance	Rs. 3.
Mileage	annas 6.

An establishment consisting of one clerk on Rs. 25 and two peons on Rs. 8 and Rs. 7 respectively will be allowed to each of them.

General (Miscellaneous), dated 18th August 1914.

4. These officers will be required to visit the Bangalore City for a week once in two months, to meet the Secretary to the Conference and the Secretaries to the Central Committees and receive instructions from them as to the manner in which they should employ themselves most usefully in advancing the work of the Conference in their respective districts. At these meetings the experience of the different districts may be compared, local wants and difficulties may be brought to notice, the aims and work of the Central and District Committees in regard to each important subject made clear and suggestions discussed for the development of economic work. In this way both the local and central organizations will be able to work in complete harmony and with a full knowledge of the objects and correct methods to be followed.

5. From the date of this order, one of the two Secretaries appointed under the Government Order dated 29th August 1913, will cease to hold that office and the work of the District Committees will be attended to by one Secretary, official or non-official, as the Deputy Commissioner and President of the District Committee may determine. He will continue to draw the carriage allowance sanctioned in Government Order No. G. 1958-67—G. M. 55-12-237, dated 29th August 1913. It will however be open to the District Committee to appoint, in addition, one or more persons, whether official or non-official, who may be willing to undertake the duties of Secretary in an honorary capacity, to attend to the work of Sub-Committees or any specified portion of the work of the District Committee.

Circular Memorandum No. G. 2532-9—G. 2. Letters from the Deputy Commissioners of Districts, reporting on the above.

No. G. 1508-16—G. M. 157-13-21, DATED BANGALORE, 15TH AUGUST 1914.

ORDER THEREON.—From the reports received, it appears that at present the practice as regards the officers, who are authorised by Deputy Commissioners to discharge the duties of Inspector of Weights and Measures is not uniform and Government are therefore pleased to direct that all Amildars, Deputy Amildars, Excise Officers, Superintendents of Police, Vice-Presidents of Municipalities and Police Inspectors be empowered by Deputy Commissioners each within his ordinary jurisdiction to act as Inspectors of Weights and Measures.

2. With regard to the suggestion of the Deputy Commissioner of the Bangalore District, that there is not much use in appointing these officers until a sufficient stock of standard weights and measures is available for sale to the public, the attention of the Chief Engineer will be drawn to the inadequacy of the existing arrangements for the supply of the standard weights and measures and he will be requested to see that the requirements of the public are fully provided for. The installation of the machinery sanctioned for the manufacture of the standard weights and measures should be expedited.

3. The rules need not be kept in abeyance any longer.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. G. 1162-209—Mily. 2-14-1, dated Bangalore, the 4th August 1914.

Order.—The Government of His Highness the Maharaja have had under their consideration for some time past, the question of providing accommodation for European Officers of the Mysore Service who visit Mysore on duty. There is an Indian Officers' Guest House at Mysore, but there are no suitable quarters for European Officers who are put to considerable inconvenience when they have to visit Mysore during the Birthday and Dasara seasons and on other occasions.

2. Pending the decision of the question of constructing new European Guests' Quarters, the Government have decided to throw open the building at Mysore, known as the Military Secretary's Quarters, for the accommodation of European Officers.

3. This building is, at present, occupied only occasionally, by the Military Secretary to His Highness the Maharaja, or by State Guests, and remains empty during the greater part of the year. It contains two sitting rooms and five bed rooms and is suitable for use as a Guest House. Until a few years ago it was used as staff quarters by the Senior European Officers in the State Service and it will be known in future as the "Staff Quarters."

4. The following general rules are laid down for the occupation of the Mysore "Staff Quarters" by European Officers:—

(1) All European Gazetted Officers in Mysore Service shall be entitled to occupy the Staff Quarters at Mysore.

(2) They will be provided with fully furnished quarters, including lighting, cutlery, crockery, glass, table-linen, blankets and bed-linen.

(3) Officers wishing to occupy the quarters should give at least 48 hours' notice to the Military Secretary who will allot them a room if one is vacant. Rooms will be allotted in the order in which they are applied for.

(4) Officers occupying the quarters should bring their own servants and make their own feeding arrangements.

(5) Two bed rooms will always be reserved for the occupation of the Military Secretary, and should he require these rooms at any time, they will not be available for other officers.

(6) During the Birthday and Dasara seasons, officers will be allowed to occupy the rooms which they engage during the whole period of their stay in Mysore. At other times, an officer may not occupy a room for more than three days if any other officer requires it.

(7) A rent of Re. 1 per diem will be charged for each bed room occupied.

(8) The two sitting rooms will be available for the common use of all officers occupying the Bungalow.

(9) The Government reserve the right of using the Staff Quarters at any time, temporarily, for the accommodation of State Guests. During such periods, of which notice will be given by the Military Secretary, these quarters will not be available for European Officers.

(10) During the Birthday and Dasara seasons, *i.e.*, during the sittings of the Economic Conference and the Representative Assembly, when the accommodation in the building itself may not be sufficient, furnished tents will be provided near the Staff Quarters for the use of officers, as far as possible.

(11) European travellers of recognised position may be permitted by the Military Secretary to occupy the Staff Quarters under these rules, for periods not exceeding 48 hours, at a time, provided that the rooms are vacant and are not required by any officer in the State Service.

(12) The general control and administration of the Staff Quarters under the above rules will vest in the Military Secretary to His Highness the Maharaja.

General (Military), dated 4th August 1914.

5. The Military Secretary will be requested to draw up and submit a set of subsidiary rules for the management of the Staff Quarters as well as an estimate for satisfactorily furnishing the building.

Government Order Camp No. 12-13, dated the 4th July 1894, sanctioning a revised scale of pay, allowances, etc., for the Mysore Infantry.

2. Correspondence ending with letter No. 3895, dated the 31st March 1914, from the Chief Commandant, Mysore State Troops, submitting proposals for the revision of the Bart Forces at an additional cost of Rs. 27,485 per annum.

No. G. 2154-5—MILY. 97-13-4, DATED BANGALORE, 28TH AUGUST 1914.

ORDER THEREON.—In view of the increased cost of living in recent years, and the consequent difficulty of getting suitable recruits for the Mysore Infantry on the salary fixed in the Government Order of 4th July 1894 read above, Government agree with the Chief Commandant that it is necessary to improve the said scale of salaries and are accordingly pleased to sanction, with effect from the 1st July 1914, a revised scale of pay and allowances, as shown in the annexed statement, involving an extra cost of Rs. 19,923 per annum.

2. The pay of the Commandant has been made progressive rising from Rs. 100 to Rs. 150 by annual increments of Rs. 10, instead of being fixed at Rs. 150 as suggested by the Chief Commandant, so that there may be no wide disparity between the starting pay of an officer of this rank and that of the officer immediately below him in the Battalion. The Corps allowances proposed by the Chief Commandant have been reduced by Rs. 5 in each case as the officers concerned get substantial increase of pay under the scale now sanctioned.

3. As an additional inducement for service in the Regiments, sanction is also accorded to the proposal of the Chief Commandant for the issue of free kit to all non-commissioned officers and men once in seven years at an average annual cost of Rs. 6,077. A sum of Rs. 195 will also be provided in the budget annually for the grant of good service allowances. The Chief Commandant is requested to suggest suitable rules for the distribution of such allowances.

Government Proceedings No. 2248-56—Muz. F. 33-13-12, dated 27th February 1914, permitting Ramanuja Jeeyar Swami to use the marginally noted insignia during his tours in the Mysore State.

2 Silver sticks.	1 Nagari.
2 Suryachandra Prabhe.	1 Bell.

Memorial registered No. 1867—955, dated 26th March 1914, addressed to His Highness the Maharaja, by the said Jeeyar Swami stating that no mention has been made in the Government order of his right to ride in a Palankeen, to carry arms for protection and to be served by belted peons, and requesting that Government may be pleased to pass definite orders on these matters also, to avoid future misunderstandings.

No. 497-505—MUZ. 490-13-2, DATED BANGALORE, 27TH AUGUST 1914.

ORDER THEREON.—In addition to the insignia mentioned in the order read above, the Jeeyar also claims the use of Mena and Palaki. The former is more of the nature of a travelling convenience, and the latter is apparently intended for processional purposes. Neither of these can strictly be classed as a "Birudu." The Government are therefore pleased to permit the Jeeyar Swami the use of Mena and Sada Palaki during his tours in the Mysore State.

The carriage of arms for protection and the use of badges and belts by the Swami's peons are matters which are within the powers of disposal of Deputy Commissioners and District Magistrates to whom the Swami should apply for permission.

Government Order No. 2603-5—M. F. 216-09, dated the 28th April 1910, requesting the Deputy Commissioner, Mysore District, to submit in consultation with the Muzrai Superintendent, proposals for revising the scale of expenditure in the Sri Srikanteswaraswami temple at Nanjangud.

Letters Nos. 4 and 245, dated the 4th July 1911 and 8th January 1912, respectively, from the Deputy Commissioner, Mysore District, submitting proposals for revising the scale of expenditure in the temple.

Joint note dated the 12th June 1914, from the Muzrai Superintendent and the Deputy Commissioner, Mysore District, submitting revised proposals in the matter.

No. 493-6—Muz. 17-11-3, dated Bangalore, 27th August 1914.

ORDER THEREON.—The Sri Srikanteswaraswami temple at Nanjangud has an annual cash grant of Rs. 20,127-11-0, and in the year 1899 the scale of expenditure was fixed at an aggregate cost of Rs. 20,063-12-0. The other sources of income which were not yielding at the time any appreciable amount have now begun to give better return, partly on account of better supervision and partly owing to the improvements effected in the landed properties of the temple. The aggregate net return from these sources is now nearly Rs. 5,650.

2. On the expenditure side, proposals for the increase of allotment for certain utsavas and for improvement in the remuneration of temple servants have been received from time to time. The expenditure in the Sivakuta has invariably been exceeding the sanctioned allotment, the average increase per month for the past three years being Rs. 180.

3. A revision of the scale of expenditure being thus found necessary, the Deputy Commissioner was called upon in the order read above to submit in consultation with the Muzrai Superintendent satisfactory proposals in the matter, so as to suit the present needs and conditions.

4. Government are pleased to sanction these proposals which have been prepared with care. A statement showing the scales of income and expenditure approved by Government is appended to this order. Provision has been made for an expenditure of Rs. 25,391-4-0 per year against an annual income of Rs. 27,183-9-6, leaving a sum of Rs. 1,792-5-6 for the occasional repairs of the temple buildings and other unforeseen charges.

5. This revision does not touch the question of Tatte Anna and its distribution to the temple servants, which should form the subject of a separate report for the orders of Government. The necessity for enhancing the grant for Diparadhane should also be further investigated.

6. As regards the entertainment in the temple baraward of a clerk on Rs. 15 for Muzrai work in the Nanjangud Taluk Office, the Deputy Commissioner is requested to further investigate the necessity for a full-time clerk in the Taluk Office solely to attend to the temple affairs and to submit the case with his opinion for the orders of Government. In the meantime, the temple shekdar, chattram parpattegar or the Konanur chattram parpattegar may be used for Muzrai work in the taluk, if need be, by turns.

7. The Deputy Commissioner is requested to give effect to this revision with effect from the 1st July 1914 and to submit a nominal roll of employees against the sanctioned appointments for the information of Government as early as practicable.

8. As owing to insufficient room in the Nanjangud Taluk Treasury, the valuable jewels of the temple are all secured in a room within the temple itself, it is found necessary for safety to maintain a strong Barr Guard in the temple and provision has been made for its entertainment. The Chief Commandant, Mysore State Troops, is requested to arrange for the deputation of a Barr Guard consisting

of one Havildar, one Naik and seven sepoys, their salaries which are estimated to cost Rs. 77 per month being met from the temple funds. The present set of sepoys will be absorbed in the re-organisation of the temple Kamati establishment.

9. Proposals have also been received from the Deputy Commissioner to revise the scale of expenditure in the Sri Narayanaswami temple situated within the precincts of the Sri Srikanteswaraswami temple, which enjoys a separate tasdik grant of Rs. 200-6-0. This scale is also suitable and is accordingly sanctioned and appended to this order.

READ—

The following review by the Revenue Commissioner in Mysore of the Famine Relief Works programmes for the year 1914, received with his letter No. 15225, dated the 20th June 1914.

Dates of receipt of programmes.—The programmes were received in this office on the dates noted below :—

District	Public works	Village works
Bangalore	23rd March 1914	6th April 1914
Kolar	Do	2nd March 1914
Tumkur	6th February 1914	30th do
Mysore	23rd March 1914	28th do
Hassan	Do	28th do
Shimoga	19th February 1914	23rd do
Kadur	6th do	6th February 1914
Chitaldrug	19th do	2nd March 1914

The Public Works programmes of Tumkur, Shimoga, Kadur and Chitaldrug and the Village Works programmes of Kadur were received within the prescribed time, *i.e.*, 1st March 1914. The rest were received long after the due date, the longest delay being in the case of the Village Works programmes of the Bangalore District. The statement in Form III of the last named district was received so late as 29th April 1914.

2. *Defects in the programmes.*—The following are some of the defects noticed in the preparation of the programmes :—

(*a*) *Public Works.*—(1) Serial No. 123 in the Bangalore District and No. 189 in the Kolar District are classed as IIIa, but are incorrectly shown under "Emergency programme." Serial No. 125 in the Tumkur District and No. 4 in the sub-taluk of the Shimoga District are classed as IVa and IIe respectively, but are entered under "Sanctioned programmes." (2) There are errors of multiplication in the programmes of the Kadur District against serial Nos. 64, 66 and 67. (3) Statements in Form III of all districts except Hassan and Chitaldrug are not prepared correctly. No remarks have been entered in the remarks column for the districts of Tumkur, Hassan and Shimoga as to the character and utility of the works. (4) The abstract statement (Form IV) for the districts of Bangalore, Kolar, Shimoga and Kadur are prepared wrongly. No districtwar abstracts have been prepared except for the districts of Kolar, Tumkur and Hassan.

(*b*) *Village Works.*—(1) The serial numbers are written incorrectly in the programmes of Kolar and Mysore Districts. (2) Entries have been made in column 10 (names of persons ready to share financial responsibility) against certain Government works in the programmes of Kolar and Kadur Districts. But it is not clear whether the persons mentioned have promised to bear financial responsibility. If they have not done so, the entries are inaccurate. On the other hand, column 10 has been left blank against certain private aided works in the Malur Taluk and the Gudibanda Sub-Taluk, while the names of persons who wish to contribute towards their execution ought to have been entered in the column. (3) The programme of the Bangalore District has not been classified into Parts I, II and III. The remarks column is left blank in the programmes of Bangalore and Mysore. (4) The statements in Form III of the Bangalore, Kolar and Chitaldrug Districts are incorrectly prepared. The remarks column of the Form has not been filled up except in the statement received from Kolar District. (5) The statements in Form IV of the districts of Kolar and Mysore have not been compiled accurately. No districtwar abstracts have been prepared for Mysore, Kadur and Chitaldrug Districts. The attention of the Deputy Commissioners has been asked to the omissions.

3. *Summary of the programmes.*—The total number of projects of all kinds in the Public and Village Works programmes is 7,303 of an estimated aggregate cost of Rs. 2,70,86,510. Of these, the portions available for relief are estimated to cost a sum of Rs. 1,87,75,880 and to provide employment to 281,638,200 units of famine labour. Particulars of the several classes of projects are given in the following statement.

5. *Number of persons to be provided for and the adequacy of the programmes.*—Under Section 20 of the Mysore Famine Code, provision has to be made for the relief of 7,46,646 persons for six months, *i.e.*, for 134,396,280 units. On an examination of the figures in the following statement, it will be observed that the provision under sanctioned Public Works is very poor in the districts of Kolar and Hassan, that in the districts of Bangalore, Tumkur, Kadur and Chitaldrug, the provision falls short of the requirements and that in

Public Works, dated 18th August 1914.

the other two districts, *viz.*, Mysore and Shimoga, the provision may be considered to be adequate.

The total absence of "A" class of Village Works, *i.e.*, works passed and approved, in the districts of Kolar and Tumkur, is very strange and with the exception of Shimoga District, the provision under the class is inconsiderable in the other districts.

However, it will be seen from the statement that sanctioned programmes provide for 78 per cent of the total number of units, and that taking both the sanctioned and emergency programmes together ample provision has been made in all the districts.

No. 1519-30—7863-74, DATED BANGALORE, 18TH AUGUST 1914.

ORDER THEREON.—Recorded.

2. Government regret to observe that the Public Works programmes of the districts of Bangalore, Kolar, Mysore and Hassan and the Village Works programmes of all the districts with the exception of Kadur, were not received within the prescribed time, *viz.*, by 1st March 1914. The programmes are found to be either inaccurate or defective, showing that sufficient care has not been taken in their preparation. The attention of the officers should be drawn individually to the errors and omissions for which they are responsible.

3. The attention of the Superintending Engineers of Circles is drawn to the deficiency pointed out under sanctioned Public Works in most of the districts. Every endeavour should be made to bring under sanction as many works as possible.

The total absence of "A" class of Village Works in the districts of Kolar and Tumkur is very unsatisfactory The matter does not appear to have received sufficient attention by the Deputy Commissioners concerned though this has been noticed in previous years. The Revenue Commissioner should arrange to get a periodical report from these officers as to the progress made in preparing projects and getting them passed. The attention of the other Deputy Commissioners will be drawn to the necessity of adding more works to their sanctioned lists.

4. In view of the present seasonal conditions, the Revenue Commissioner is requested to again examine the programmes of each district and prepare lists of Village Works to be undertaken in the first stages of distress, should there be necessity to start any relief works during the year.

Proceedings of the Government of His Highness the Maharaja of Mysore,

5. The inspection reports of Superintending Engineers on the reserves of tools and plant, prescribed in Section 32 of the Famine Code, have been received. The question of the redistribution of the stock between the headquarters and the several districts is still under correspondence. The matter should be expedited.

6. A copy of the abstract statement (Form III) of the Famine Relief programmes for the year under review is appended for information.

Proceedings of the Government of His Highness the Maharaja of Mysore, Public Works, dated 25th August 1914.

READ—

Note by the Secretary to Government, Public Works Department, dated the 14th April 1914, bringing to notice certain difficulties experienced by the raiyats in the working of the Block System below the Marikanave Reservoir.

No. 1565-9—8100-4, DATED BANGALORE, 25TH AUGUST 1914.

ORDER THEREON.—Under the circumstances brought to notice, the Government are pleased to direct as follows:—

1. In the case of holdings of less than 3 acres in extent, permission may be granted to exceed the one-third limit prescribed for raising wet crops.

2. On water-logged lands that are not fit for growing *thadi fasal*, paddy or any other crop may be allowed to be grown on the whole or any part of such land.

3. Where one-third of a holding is garden or cultivated with sugarcane, the occupants thereof may, if required, be permitted to grow paddy or any other wet crop on a second or additional one-third.

4. All holders taking advantage of the concessions referred to above in clauses (1), (2) and (3), should pay extra water rate at the rate of Re. 1 per acre for each crop on the excess area cultivated with wet crop.

5. The canals may be run intermittently from July to December, both inclusive, for five days on and ten days off, all repairs and clearances being attended to during the ten day intervals of canal closure. From January to June the canals may be run continuously and the raiyats may be allowed to grow paddy or any other wet crop on the one-third area of their holdings prescribed under the Block System rules.

6. The concessions mentioned above, apply only to cases to which they may be specifically extended by Government. Raising of successive wet crops on the same plots should, as far as possible, be discouraged.

Proceedings of the Government of His Highness the Maharaja of Mysore, Railways, dated 12th August 1914.

READ—

Letter No. 263, dated 14th January 1914, from the Deputy Commissioner, Shimoga District, to the Secretary for Railways, Government of Mysore, submitting proposals for the construction of certain feeder railways in the Shimoga District.

2. Note No. 307, dated 2nd March 1914, from the Secretary for Railways, submitting the recommendations of a Committee composed of the Secretary to Government, General and Revenue Departments, the Financial Secretary and himself on the proposals.

3. Subsequent correspondence between the Deputy Commissioner, Shimoga District, and the Secretary for Railways regarding the amount that could be raised by the District Board towards the cost of the line.

No. 309-13—Ry. F. 164-14-15, DATED BANGALORE, 12TH AUGUST 1914.

ORDER THEREON.—The proposals of the Deputy Commissioner comprise the following:—

(*a*) the construction of a line of railway from Shimoga to Aiyanur and Riponpet with branches, one towards Sagar *via* Anantapur and the other to Tirthahalli *via* Humchadakatte,

(*b*) the grant of permission to the District Board to raise one-half of the capital cost of the undertaking on a Government guarantee of interest at 4 per cent per annum,

(*c*) the contribution of the other half of the cost by Government, and

(*d*) the decision of the questions of gauge and the desirability or otherwise of purchasing the existing tramway between Shimoga and Kumsi.

2. The Government of His Highness the Maharaja have considered these proposals and the recommendations made by the Committee and are pleased to direct as follows:—

(i) The route proposed by the Deputy Commissioner may be adopted, the line being so aligned as to pass as near Kumsi as may be feasible.

(ii) The gauge should be 2'—6".

(iii) It is not considered necessary to purchase the Shimoga-Kumsi tramway.

(iv) Government guarantee the payment of the interest on the capital raised by the District Board towards the undertaking, which is roughly estimated to cost Rs. 28,00,000, at the rate of 4 per cent per annum for a period of 30 years.

(v) As regards working, recoupment against loss in interest charges, division of surplus profits, creation of a sinknig fund, etc., the principles laid down in Government Order No. Fl. 4932-81—G. F. 163-13-1, dated 22nd April 1914, will apply to this system as to other feeder lines.

3. The Secretary for Railways will arrange for the preparation of a detailed project for these branch lines for submission to the Railway Board with the Government of India for sanction.

4. The Deputy Commissioner is authorised to issue the necessary prospectus in the name of the District Board after obtaining the sanction of Government to the form of the prospectus and raise a loan towards the cost of the project. Government are prepared to contribute up to Rs. 18,00,000, provided the balance is raised locally by the District Board.

SECTION 1—GENERAL FINANCE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR AUGUST 1914.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 472-4—9-13-134 ...	3	Comptr., Dy. Comr., Bangalore, and Sany. Comr.	Sanctions the grant of an advance of one year's pay to T. M. Abdul Karim, District Sanitary Assistant and Deputy Inspector of Vaccination, Bangalore District, for building a house in the Chamrajpet extension, Bangalore City.
2	Fl 492-4—82-13-4 ...	3	Comptr., Rev. Comr., and Dy. Comr., Bangalore	Sanctions the retirement of W. Krishnasamiengar, late Treasurer, State Huzur Treasury, the appointment of K. Raghavendra Rao, 2nd grade Accountant, Comptroller's office, as temporary Treasurer and of B. V. Krishniengar, Treasurer, Bangalore District Treasury, as Treasurer of the State Huzur Treasury.
3	Fl 515—16-14-9 ...	7	Dy. Comr., Bangalore	States that the advance recommended on behalf of Mr. M. Sreenivasa Murti, District Treasury Officer, Bangalore, to purchase a motor car is inadmissible, as he does not come under the category of a touring officer to whom alone the rules laid down in Government Order dated 10th March 1913 are applicable.
4	Fl 517—130-13-5 ...	7	Comptr., P. W. and Rys.	Accords sanction to the accountant P. Sreenivasachar accepting the remuneration of Rs. 65 for having assisted Mr. T. Lakshminarsimha Rao B.A., B.L., in the audit of the accounts of the *Haji Prospecting Syndicate, Limited, in liquidation.*
5	Fl 518—13-13-4 ...	7	Dy. Comr. and Presdt., District Board, Kolar	Permits as a special case the investment in the Kolar-Bowringpet debentures, as desired by certain donors themselves, of the aggregate sum of Rs. 1,000 stated to be the contributions offered as endowments to certain temples of the Chintamani and Chikballapur taluks.
6	Fl 519—4-14-2 ...	7	Dy. Comr. Chitaldrug	With reference to his letter dated 1st July 1914 *re* the question of crediting the full amount of the revenue derived from the toll-gate on Bangalore-Dharwar road at Harihar, observes that the classification in the public accounts has closer reference to the departments in which the revenue or expenditure occurs than to the object of the revenue or expenditure or the grounds on which it is sanctioned and that the interpretation that "full credits of the tolls should be afforded to Public Works Department" is not correct.

Serial No.	Proceedings			Subject and Order
